Superintendent's Highlights

The Blackfoot School District has a goal that all students will be reading on grade level by the end of the third grade. This is our number one focus and we are making substantial progress toward this goal.

96% of the district's certificated staff members have obtained their technology certificate. We continue to be a leader in the area of technology.

75% of the district's certificated staff members have completed the Idaho Comprehensive Literacy Course.

Mandatory drug testing for all Idaho High School Activity Association participants is working very well.

The district is continuing its work in academic achievement standards for grades K-12.

The district has many programs in place in which parents can be and are involved.

The district continues to be financially sound. However, in these economic times, this is proving to be our greatest challenge.

A safe, drug-free and disciplined environment continues to be an important emphasis of our district.
